Our Golden Rules in Groups

Mobile Phones - Please do not use mobile phones for calls and texts during our groups, we want you and your children to have fun playing together! If you do need to use your phone please ensure someone is supervising your child and step outside. Phones can be used to take photographs but please ensure the photo is only of your children not others in the room.

Language - we want to create a fun and happy environment. Please avoid using swear words in groups, to other customers, children and staff. Abuse to staff will not be tolerated. If you feel you have been spoken to inappropriately by another customer or member of staff please speak to a member of the staff team.

Feedback - We welcome your feedback on our groups, services, things you would like to see or any issues you have with our services. You can do this by talking to a member of the team, via email or Facebook messenger.

Supervision of children

Please ensure children are appropriately supervised at all times by either yourself, a friend or ask for help from a member of the team. Please help us at tidy up time and encourage your children to join in. We always finish with songs so please help us and join in where possible.

Help us to keep you safe

Please report any concerns you have about buildings or equipment to a member of staff. Advise us if you have any severe allergies that we need to know about.

We have designated places for you to keep your bags. If you need to get your bag and it is within the reach of children, please ensure there are no medications or dangerous items they could get hold of.
